

In 2002, my oldest daughter, JoAnne asked me to do some editing for her. I like editing, so I was delighted. I started with her book Smart Start Companion. We worked well together so I continued by editing the following books:

- Story Mapping with Success
- Story Writing Mini Lessons
- Revised Smart Start in Language Arts
(School and Home Editions)
- 3rd Grade Smarts in Language Arts
(School and Home Editions)
- 4th Grade Smarts in Language Arts
(School and Home Editions)

*I finished these in 2017

Editing, as well as having the opportunity to attend one of her workshops made me even more aware of the significance of these programs.
