

## Smart Start Classroom Library

The Classroom Library is an essential part of the Smart Start Reading Program. It consists of a set of phonetically decodable books. Students proceed to this classroom library upon completion of Day 35 (or further) in the Smart Start Reading Program AND after independently decoding ten flashcard packs of short vowel words. Phonetically decodable books provide students with independent practice blending words which use the phonetic concepts previously taught along with repetition of basic sight words in context.

**NOTE:** Books in the classroom library **do not** include vocabulary which must be guessed at from context or picture clues.

<http://www.readinga-z.com/>

**\$79.95 100 printable phonetic stories for early readers**

**Print and bind books individually to add to the classroom library.**
